

As Americans, we must exert our diplomatic arsenal to bring an end to the fighting and restore that promise of a peaceful and hopeful future for South Sudan.

#### SANCTIONS IN IRAN

(Mr. TIPTON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TIPTON. Mr. Speaker, recently negotiations with Iran over the country's nuclear program were extended again for another 7 months. This extension, however, carried no additional or strengthened economic sanctions on Iran. Disturbingly, we have now heard that the administration has considered sanctions against Israel, our ally.

A nuclear Iran poses an incredible threat to the Middle East and to the United States. The security of our allies, including Israel, and the stability of the region is at stake. Stronger sanctions are needed regarding Iran—not our ally Israel—to increase pressure, advance negotiations, and achieve a favorable outcome for the U.S. and all of our allies. There is no room for error, and the administration must get a strong agreement in place.

H.R. 850, the Nuclear Iran Prevention Act of 2013, seeks to strengthen and update sanctions on Iran. This passed the House of Representatives. Despite broad bipartisan support, the Senate has done nothing on this bill. The Senate needs to take it up and increase pressure on Iran to reach an agreement. We cannot afford to wait.

#### FEMA AID FOR WESTERN NEW YORK

(Mr. HIGGINS asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS. Mr. Speaker, when a natural disaster strikes, the damage and cleanup costs often far exceed the local government's ability to respond and to rebuild.

Americans take comfort in the knowledge that the Federal Government will aid in the response by providing assistance to mitigate the often massive costs of natural disasters.

The recent record-breaking snowstorm in western New York reminded the Nation that Buffalonians are resilient and generous people. That was on display during the storm and its aftermath with so many instances of neighbors helping neighbors.

The storm also left my community with significant expenses in terms of the emergency response and structures that collapsed under the weight of the snow. That is why I have joined the western New York delegation to urge FEMA to act quickly to certify the disaster and disburse assistance.

Western New Yorkers are the first to volunteer to aid other communities in need. Now we must ensure a helping hand is there for them when they are in need.

#### THE NATIONAL DEFENSE AUTHORIZATION ACT

(Mr. DAINES asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DAINES. Mr. Speaker, last week, the House moved forward historic legislation that represents widespread Montana priorities. From protecting some of our State's greatest treasures, as well as access to our public lands, to developing Montana's energy resources and creating better certainty for our farmers and ranchers, this bill reflects the concerns of Montanans from across our entire State. But just as importantly, it represents the way we do things in Montana and the kind of change we need to see in Washington.

In Montana, we know the importance of rolling up our sleeves and working together to get something done. By coming together, the Montana delegation and Montanans from all corners of our State were able to break gridlock in Washington and bring this most important legislation forward.

I am proud that the House acted last week and passed this bill with strong bipartisan support. I call on the Senate to quickly do the same.

#### RECOGNIZING THE RETIREMENT OF STEVE SAULS

(Mr. GARCIA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GARCIA. Mr. Speaker, I rise today to recognize my friend Steve Sauls, Florida International University's vice president for governmental relations, who is retiring after more than 30 years of commitment to the community and the State of Florida.

During his tenure at FIU, Steve helped secure funding for the International Hurricane Center in the wake of Hurricane Andrew, fought to receive authorization for the College of Law at FIU, and played a key role in creating the College of Medicine. Through these efforts and countless others, Steve has helped develop FIU into one of the top public universities in the country. I have been honored to represent FIU in my district and work with Steve to help support this vibrant educational community.

After building a long track record of impressive accomplishments, Steve will be sorely missed. I urge you to join me in recognizing his contributions to south Florida and our country.

#### HONORING MAJOR KEVIN TANN, UNITED STATES ARMY

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise today to honor Army congressional liaison to the U.S. House of Rep-

resentatives Major Kevin Tann. Major Tann will be leaving his post at the end of this month but will continue to serve our great Nation working in cyber intelligence at the U.S. Army Cyber Command in Fort Belvoir, Virginia.

Originally a native of North Carolina, Kevin chose to attend college at my alma mater, Florida International University, where he earned a degree in criminal justice and a master of arts in public administration.

Commissioned as a second lieutenant in the Army's Aviation Branch, Kevin participated in multiple combat tours in support of Operation Iraqi Freedom. He has earned the Army Aviation and Parachutist Badges, the Bronze Star Medal, the Iraq Campaign Medal, and many others.

It is my distinct pleasure to join with Kevin's family, friends, peers, his wife, Joy Tann, and his son, Kevin Joseph Tann, as they honor the many accomplishments of his outstanding career.

#### THE HOUR OF CODE

(Mr. HONDA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HONDA. Mr. Speaker, I rise today to discuss the issue of gender imbalance in the computing industry.

Today, women make up over half of the American workforce but only a quarter of the professional computing occupations. We see a similar imbalance in the classrooms. Girls in high school take over half of all the advanced placement exams but only a fifth of computer science exams.

This imbalance deprives the computing industry of a great resource of human capital, and it limits its creativity. To address this imbalance, we need to encourage our female students to pursue computer science as early as possible.

In that spirit, I would like to recognize Computer Science Education Week and the Hour of Code. These programs have reached tens of millions of students worldwide. We need programs like these to ensure that the next generation of computer professionals is diverse so we have all the best talent.

#### RECOGNIZING THE LIFE OF MAJOR D. "JIM" OLMES, JR., OF OIL CITY, PENNSYLVANIA

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, today, I rise to recognize the life of Major D. "Jim" Olmes, Jr., of Oil City, Venango County, Pennsylvania. A World War II veteran, a beloved family member, and community leader, Mr. Olmes passed away last week at the age of 93.
